

EMPOWER PEER MENTORS

*Educate, Motivate, Prepare, Opportunity, Workplace
Readiness, Employment, Responsibility*

WHAT IS IT?

Empower is a post-secondary program for individuals with mild intellectual disabilities. The goal of peer mentorship is to create an inclusive learning and socialization environment for all students.

WHAT DO YOU DO?

Peer mentors work with EMPOWER students both in class to assist as necessary with note taking, and outside of class with navigating campus life.

Mentors and mentees work on social skills, daily living skills, (setting an alarm, checking email/blackboard) and academic tasks including tutoring.

EMPOWER

Post-secondary program for individuals with mild intellectual disabilities.

PEER MENTOR

Both in class and between classes.
